Succinic Acid	150 mg	†

Percent Daily Values (DV) are based on a 2,000 calorie diet
† Daily Value not established

OTHER INGREDIENTS: Dicalcium phosphate dihydrate, microcrystalline cellulose, croscarmellose sodium, stearic acid, silicon dioxide, magnesium stearate. Coating contains: Candurin[®] Orange (FD&C Blue #1, FD&C Red #40, FD&C Yellow #6), HPMC, titanium dioxide and triacetin.

This product contains FD&C Yellow #6.

INDICATIONS: Niferex[®] is a multivitamin/multimineral dietary supplement indicated for use in improving the nutritional status of patients with iron deficiency.

CONTRAINDICATIONS: Niferex[®] is contraindicated in patients with a known hypersensitivity to any of the ingredients.

PRECAUTIONS: Folic acid alone is improper therapy in the treatment of pernicious anemia and other megaloblastic anemias where Vitamin B12 is deficient. Folic acid in doses above 1.0 mg daily may obscure pernicious anemia in that hematologic remission can occur while neurological manifestations progress.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. **KEEP THIS PRODUCT OUT OF REACH OF CHILDREN.** In case of accidental overdose, call a doctor or poison control center immediately.

ADVERSE REACTIONS: Allergic sensitization has been reported following both oral and parenteral administration of folic acid.

DOSAGE AND ADMINISTRATION: Usual dosage is one tablet daily with or without food or as prescribed by your healthcare provider

HOW SUPPLIED: Bottles of 30 tablets (75854-344-30). The listed product number is not a National Drug Code. Instead, Avion Pharmaceuticals has assigned a product code formatted according to standard industry practice to meet the formatting requirements of pharmacy and healthcare insurance computer systems.

STORAGE: Store at 20° - 25°C (68° - 77°F); excursions permitted to 15° - 30°C (59° - 86°F). [See USP Controlled Room Temperature.]

KEEP THIS AND ALL MEDICATIONS OUT OF THE REACH OF CHILDREN.
